

COVID-19 Visitor Guidelines for NCH Hospital Affiliates

Visitor Policy Update

Visiting Hours

Visiting hours at NCH hospitals will generally be from 8:00 a.m. to 8:00 p.m. every day, including holidays. Unit-specific visiting restrictions (i.e. ICU, Labor and Delivery) may be imposed based on individual circumstances.

General Visitation Guidelines

1. Each patient has the right, subject to their consent, to receive any visitors whom they designate, including, but not limited to, a spouse, domestic partner, family member, caregiver, or representative. A patient who is a minor may have a parent, guardian, or person standing in place of a parent visit the facility while the minor patient is receiving care.
2. Generally, only two visitors may visit a patient at a time. Additional visitors may be accommodated on a case-by-case basis.
3. Minors under the age of 12 who are visiting must be accompanied and directly supervised by an adult visitor at all times.
